

Annual Report

JULY 1, 2023 - JUNE 30, 2024

**CHADD's vision is
a world that recognizes,
incorporates, and celebrates the
strengths of individuals with ADHD**

Dear Friends,

As we reflect on this past year, we are incredibly proud of what we achieved together. From record-breaking attendance at our Annual International Conference on ADHD to establishing a coalition dedicated to developing the first United States guidelines for adult ADHD, our accomplishments were indeed exemplary. This report provides a glimpse of those accomplishments, all of which were made possible thanks to the unwavering support of our members, chapters, and donors.

This report also gives a forecast for our future. Looking ahead, we are energized by what our committees have outlined as upcoming priorities, including:

- A shared focus on financial growth and stability.
- A strong commitment to educational outreach and ensuring our resources are evidence-based and impactful.
- A clear dedication to diversity, equity, inclusion, and belonging within CHADD's membership and leadership.

A common thread in our priorities is that each requires a collaborative spirit. This is essential to achieving our goals, and we're confident that by working together, we'll continue to make meaningful progress for the more than 22 million people affected by ADHD nationwide. Thank you for your support.

With Gratitude,

Laurie Kulikosky, CAE
Chief Executive Officer

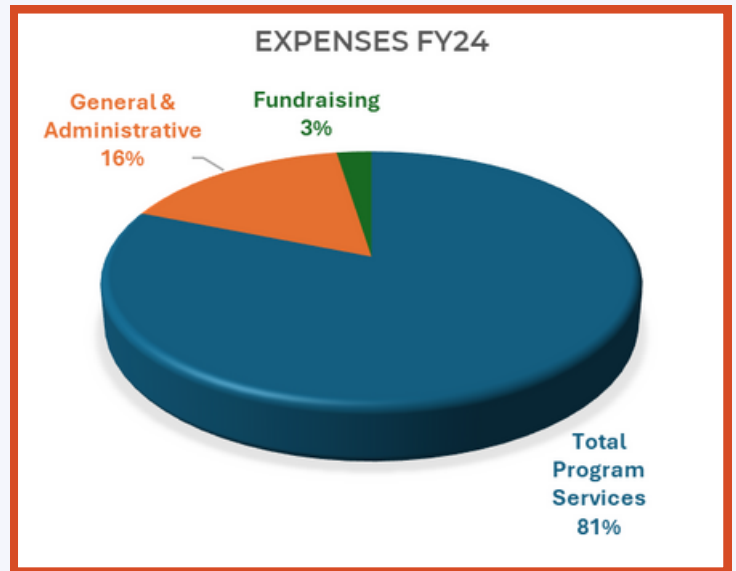

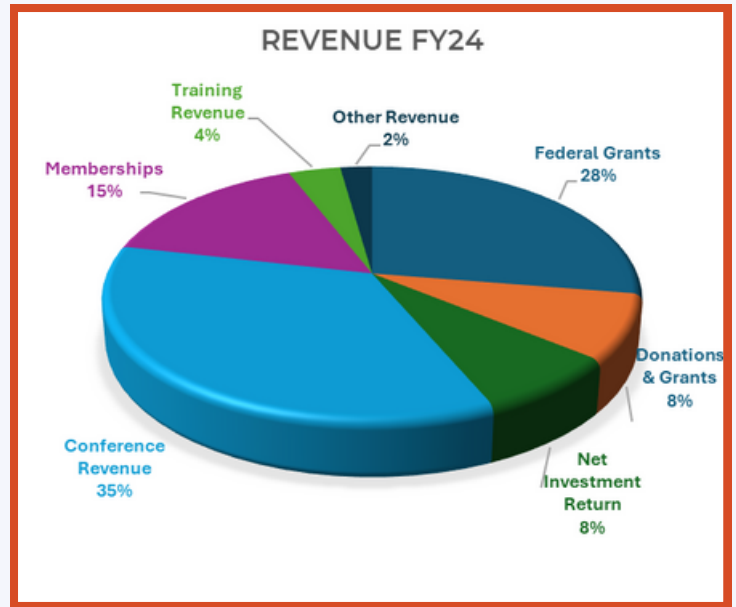

Jeremy Didier, LSCSW, LMAC, ADHD-CCSP
President, Board of Directors
