

Help Improve Access to Support for Caregivers of Children with ADHD

(Collaborative Research with the University of Toronto)

What do I need to do?

- Take 10-15 minutes to review consent and fill out a confidential online form
- If you qualify, meet me online to discuss your impressions of a digital resource and whether it could be helpful to you

How will I know if I'm eligible?

- If you are a caregiver of a child diagnosed with ADHD, you could be eligible
- A series of questions will help determine your fit for the study

What do I get for participating?

- You have the opportunity to contribute to research intended to help improve access to care specific to the ADHD community
- You will receive a small token of our thanks - a \$15 grocery gift card

To learn more about the research and decide whether you want to participate in the study, please copy this link into your browser and then enter the code or scan the QR code
