

Help set priorities for equitable access to ADHD care

International Delphi Panel • Round 1

Researchers at UFRGS, together with international experts, are conducting a Delphi panel to identify and prioritize barriers to equitable access to ADHD diagnosis and treatment across diverse settings.

Who can take part?

- Adults aged 18 years or older
- Professionals, researchers, policymakers, educators, advocates, or people with relevant lived experience in ADHD or health equity

What will I be asked to do?

- Complete a 10–15 minute online questionnaire
- Rate the importance and feasibility of addressing barriers to ADHD care
- You may be invited to a second round
